### Great Financier.

That confidential clerk of a Buffalo firm who, upon being discovered to be \$300,000 short, informed his employers that he would make reparation if the matter was kept quiet but otherwise he would hire a lawyer and let them whistle for their money, no doubt knew they weren't fond of whistling. They accepted his offer and he hasn't been arrested.

### Spoiled Her Beauty.

### M. W. A. Adoption.

Owing to the busy time of year there were not as many Woodmen present at the county adoption last Thursday as there should have been, yet a goodly number were present. There were twenty-six candidates adopted and there were several more examined but their credentials had not returned from the Head camp.

Neighbor Rees made a most excellent address in the court house in the afternoon and Thursday night after the adoption. Neighbors Rees and Walker gave the boys some very encouraging statistics and created quite an enthusiasm among the members present.

Neighbor Rees paid quite a compliment to the Jackson forester team. He said that he had seen 7,500 foresters in line at the State camp at Milwaukee and while they were well drilled and did well, that there was no team in that vast number that could excel the Jackson camp team. We will say that our Jackson foresters are well drilled and they perform the floor work to perfection. There may be another class adoption in this county this fall, and if so, it will be held at Cape Girardeau.
